### Junior Researcher – Internship of 3 to 6 months starting 1<sup>st</sup> of September 2011

We are looking for reliable junior researchers to reinforce our team on specific missions.

We offer a flexible agenda with agreed deadlines, international research programs for A-brands, the opportunity to contribute to scientific discoveries, and a training to our unique approach to research. Number of hours and financial compensation to be discussed together.

You are a PhD or a Masters student - in scientific or artistic fields - looking for an internship involving analogical thinking, organization, and languages (Swedish and English are required)?

Feel free to visit [www.derval-research.com](http://www.derval-research.com) to learn more. Your short biography and questions are welcome at [info@derval-research.com](mailto:info@derval-research.com)
