

Syllabus

for course at advanced level

Exhibition Project

Utställningsprojekt i grupp

**7.5 Higher Education
Credits
7.5 ECTS credits**

Course code:	KV6004
Valid from:	Autumn 2018
Date of approval:	2018-04-18
Department	Department of Culture and Aesthetics
Main field:	Art History
Specialisation:	A1N - Second cycle, has only first-cycle course/s as entry requirements

Decision

The course was established by the Faculty Board of Humanities on 2018-04-11 and the syllabus was approved by the Board of the Department of Culture and Aesthetics on 2018-04-18.

Prerequisites and special admittance requirements

Bachelor's degree in Art History or equivalent. English 6.

Course structure

Examination code	Name	Higher Education Credits
1100	Exhibition Project	7.5

Course content

The course covers the production of exhibitions with older art objects in a museum or equivalent. The course provides advanced knowledge of various exhibition criteria, as well as of the formulation and preparation of exhibition concepts. In addition, the course provides advanced knowledge of exhibition logistics with respect to planning, budget, loan management, exhibition technology, pedagogical approach and catalogue production.

Learning outcomes

In order to pass the course, students are expected to be able to:

- identify, reflect on and critically analyse the formulation and execution of an exhibition with older art objects;
- formulate and implement exhibition logistics in written form (idea, budget, loan management, technical and scenographic installation in groups).

Education

Instruction is given in the form of lectures, seminars and study visits. Attendance is mandatory. The language of instruction is English.

Forms of examination

- The course is examined on the basis of written assignments in the form of a take-home examination and a written paper.
- Grades will be set according to a seven-point scale related to the learning objectives of the course:

A = Excellent
B= Very good
C = Good
D = Satisfactory
E = Adequate
Fx = Inadequate
F = Totally Inadequate

Some examination tasks in the course may be assessed using the grades Pass or Fail (G/U).

- c) Students will be informed of the written grading criteria when the course starts.
- d) In order to pass the course, students must receive a grade of E or higher on all examination tasks, complete all mandatory assignments and meet the attendance requirements (80%). Under special circumstances, the examiner may, after consulting with the coordinating teacher, grant the student an exemption from the obligation to participate in certain mandatory course elements or complete mandatory assignments. The student can then be assigned a compensatory assignment.
- e) At least two examination opportunities should be offered during each course and semester. In addition, at least one opportunity to retake an examination should be given during a semester or year when the course is not provided. Students who receive the grade E or higher on an examination may not retake the examination to attain a higher grade. Students who receive the grade Fx or F twice by the same examiner are entitled to have another examiner appointed to grade the next examination, unless there are special reasons to the contrary. Such requests should be made to the department board.
- f) The completion of a supplementary written assignment may be permitted if the student has received a grade of Fx and thus is close to meeting the criteria for a passing grade. The assignment must be submitted within a week of the examiner notifying the student of the need to complete a supplementary assignment. Approved corrections of simple formatting errors are graded using the grades A-E. Approved corrections of flaws related to understanding – minor misunderstandings, inaccuracies or unduly limited arguments – will receive the grade E.

Interim

If this course is discontinued, or its contents substantially altered, students have the right to be examined according to this syllabus once per semester for three further semesters.

Required reading

For up-to-date information about the required reading, please refer to the department website: www.su.se/ike. The current reading list will be made available at least two months before the course starts.
