

Literature list

GE7079 Polar and Alpine Environments and Climate Change, 15 credits

Decided by the Vice Head Director of Studies 2021-05-19, after consultancy with the department's educational advisory group. Valid from autumn term 2021.

The literature consists of scientific publications and reports in the relevant subject area, found by the course coordinator/responsible and tutor. The course literature is made available via the course's learning platform.

Articles and other materials made available in connection with teaching are also included as course literature.
