

Literature list

GE7090 Applied Remote Sensing, 15 credits

Decided by the Vice Head Director of Studies 2021-11-24, after consultance with the department's educational advisory group. Valid from autumn term 2022.

The literature consists of scientific publications and reports in the relevant subject area, in a selection produced by the course coordinator. The course literature is made available via the course's learning platform.

Articles and other materials made available in connection with teaching are also included as course literature.
