## PhD 2. Course Accrediting

To be handed in to the Director of PhD studies **before** the course is taken, courses taken earlier can only be accredited in exceptional cases.

- Courses listed as only PhD courses at the Department of Organic Chemistry and that don't overlap with other courses, will be accredited without this form.
- For PhD Courses from other departments or universities (note! PhD courses (with a specific PhD course code, not undergraduate courses) will be accredited without this form. However, an email from your supervisor to the Director of the PhD program must be sent before the course is taken.
