

Department of Molecular Biosciences,
The Wenner-Gren Institute

Agenda for PhD Board meeting – scheduled 2023-08-22, at 11:00 am, in F429

Participants: Isabella Badolati, Simon Prokisch, Claudia Arasa (secretary), Sergei Pirgov, Aswathy Kallazhi (zoom), Tatjana Lömker (zoom)

- 1. PhD Guide** – We will all take a look and modify it to have it done the 1st of September. Then we can send the final version to Alexander to update it on the webpage.
- 2. Events in fall 2023** – We want to have two events:
 - Career paths after a PhD – contact our professors to give alumni contacts, also ask the PhD council. Do it after lunch, have a mingle session as well to encourage interaction. Aim for mid-November (week 46 is a possibility). G-salen or Vivi Täckholmen. Maybe invite Elena Hoffer, KI, to introduce skills of PhD students. Come with a list of names for the next board meeting and make a google sheet (Aswathy will send it out). Apply for SUS money to get funding (open application from the 1st to the 29th of September). We can also ask the department.
 - Nobel laureate talk: keep an eye out when they announce them and start moving then. Also be in contact with other departments
- 3. MOSS calendar for 2024** – Simon has drafted a schedule for the people that need to do the MOSS. Next MOSS will be introduced by Isabella, the one in September by Claudia and the one in November by Aswathy.
- 4. Next PhD Council Meeting** – 19th of September, at 13h. Talk about MOSS, alumni day, PhD guide will be uploaded already. Emphasize the teaching certificate.
- 5. Other matters** – Wooden panel for nailing, maybe we can get another one? Simon will contact Neus.
