

Student Competition

Climate and Health: A Vision for Stockholm 2029

Do you want to help prepare our city for climate change?

We offer a student competition where we tackle environmental challenges and promote wellbeing for all residents of Stockholm.

Get the chance to learn from experts and present to stakeholders in the field!

Apply and read more here!

Applications are open!

All students are welcome to sign up!

- *Competition starts 7th of February*
- *Presentations the 21st of February*

The jury consists of experts from KTH, SU, KI and the City of Stockholm.

A Vision for Stockholm 2029 is a collaboration between KTH Climate Action Centre, the Bolin Centre at Stockholm University and the Centre for Health Crises and the Centre of Excellence for Sustainable Health at Karolinska Institutet.
