### **The strengths of the course's according to the students**

The students were overall very satisfied with the course. What has been lifted in the feedback was the content of the course and the good conditions created for researching the legal issues that interested the students. The supervision provided by the teachers was very much appreciated as well as the comprehensive syllabus and access to sources. The structured format of receiving feedback at different stages of the process was also something that has been mentioned in the feedback. The support in finding the topic and narrowing down the research question was also amongst the advantages of the course.

### **The weaknesses of the course according to the students**

Some of the areas that the students suggested improvement was to have more time and longer deadlines. Another aspect focuses on how were the resources uploaded on Athena. There were some comments regarding a need for more supervision.

### **Teachers' comments**

The changes that are going to be made will be minimal, mostly focusing on structuring access to resources better. The time frame of the course is not changed.
