- Template for requesting an extension of the eligibility period (call 2024)
- Example of full Parts A and B (call 2024); not to fill in
- Excel sheet for budget; a few cells need to be copied into the submission system
- Advice note (call 2024)
- How to add Main Host Institution Contact in your proposal (mandatory)

1. Internal deadline: **preliminary 18 December 2024** (ERC deadline **preliminary** 14 January 2025)

- **Support letter from SU** (mandatory; the internal deadline means that we guarantee the document. We will do our best after this date.)
 - Support letter is provided by our office when you have fulfilled two tasks:
 - Your **Head of Department** needs to support your proposal. Please confirm that you have discussed this with your Head by e-mail to lars.emren@su.se .
 - You need to add **Main Host Institution Contact** (Lars Emrén) in your proposal. One file attached provides instructions of how to do this.
- **Feedback regarding your budget + section C “Resources”** (It’s not mandatory to ask for feedback. The internal deadline means that we guarantee feedback. We will do our best also after this date)
 - Send your drafts to lars.emren@su.se. Data will be forwarded to a Financial Officer who provides feedback according to the Horizon Europe regulations. Excel template is attached.

2. Support by our Office (when you apply with SU as host):

- Read about our support at: <https://www.su.se/erc>
- The **PIC number** of “Stockholms universitet” is **999885022** (needed when you start a proposal in the submission system).
- SU has a **Gender Equality Plan** (GEP); choose **YES** on p. 7 of Part A (call 2024).
- **Think of your budget early** – It is important to calculate your costs early so that you know what fits into the maximal ERC budget. An Excel sheet is attached. Our office can give feedback from the EU regulation perspective, but first ask your local administrator about salaries and local costs at your department.
